**BUILDING A BETTER
WORLD ONE STUDENT
AT A TIME!**

McIntosh School District

Vision Statement

To provide every student the skills necessary to succeed in this rapidly changing world

We Believe That:

- Accountability and responsibility lead to successful performance, a strong work ethic, and achievement.
- All educational stakeholders are accountable for a safe and positive environment that is accepting, trusting, and respectful.
- The future of the school and community are inter-related.
- Students need to be engaged in an innovative curriculum.
- High expectations lead to greater individual achievement.
- A rigorous curriculum prepares our students for post-secondary and career readiness.

Objectives:

- All students will acquire skills to independently obtain, comprehend, and apply information to real-life situations.
- All students will exhibit responsible, respectful, positive interpersonal behavior in all situations.
- All students will demonstrate proficiency utilizing multiple technology tools.
